DEALER / DISTRIBUTOR ENQUIRIES

A considered collection.

A professional introduction to the eight-model Retesz collection, with model-specific technology and a clear commercial inquiry process.

01 / Introduce your business

Share your company, territory, sales channels and expected product mix. Include the quantities and timeline you are exploring.

02 / Build the shortlist

Review Core, Classic, Axis, Vision, Vision Pro, Arc, Line and Edge. Axis, Arc, Line and Edge offer TTLock and single-latch options, not defaults. Confirm dimensions, handing, backset, thickness, latch preparation and compliance for US wooden doors.

03 / Confirm the commercial brief

Request pricing, availability, documentation and any proposed program terms. No published discount, minimum order, exclusivity, territory right or dealer benefit is established by this overview.

Submit your enquiry at retesz.com/professionals or contact sales@retesz.com. Your request is stored for review; it is not an order or an agreed commercial arrangement.
