SMART HANDLE LOCK / PRODUCT REFERENCE

Retesz Line

A zinc alloy handle lock with a tall, understated keypad face.

Retesz-branded product visualization · not a photographed branded sample

Finishes	Black / Silver
Door thickness	35–55 mm
Body material	Zinc alloy
Latch / mortise	Single latch option; listed mortise variants: 5050 / 5572 / 4585
Power	4 AA alkaline batteries
App variants	Tuya / TTLock
Connectivity	TTLock Bluetooth; optional WiFi details require confirmation
Entry methods	Fingerprint, Passcode, IC card, Mechanical key, App

Optional WiFi requirements are not confirmed. Only Black and Silver are offered for specification; NFC is not confirmed. TTLock version / single-latch version available as configuration options; final door compatibility review required. TTLock and single-latch versions are available configuration options on Retesz Axis, Arc, Line and Edge, not standard on every unit. US wooden-door suitability requires final verification of dimensions, handing, backset, door thickness, latch preparation and compliance. No UL, ANSI or BHMA certification is claimed.
